Attention:

Mr Matt Thomas

Dear Matt,

On behalf of the Body Corporate for Gabba Central Apartments, I would like to personally thank you for the exceptional job you did remarking our residential car park. A number of owners have already contacted me to say how impressed they are at not only the standard of your work, but at the speed at which you were able to undertake it, meaning there was minimal disruption to the normal operation of the car park.

I intend to pass your details on to the Retail Lot Manager who manages the commercial car park directly above ours, with a recommendation he consider utilising your services when their car park is due for remarking.

A handwritten signature in black ink, appearing to read 'Mick Sharp', is positioned above the typed name.
